****AUTO**ALL FOR AADC 190 51/2/2
GH260226 0014156
00HAC-Towamencin Town
PO BOX 303
KULPSVILLE, PA 19443-0303

2C3CDXKT3GH260226

Dear 00hac-towamencin Town,

This letter is to inform you that the warranty period on your vehicle's 3.6L or 5.7L Fuel Pump has been extended from 3 years or 36,000 miles (3 years or 50,000 miles for vehicles covered under the California Emission Warranty) to an additional 1 year / Unlimited miles from Warranty Bulletin notification, June 25, 2019, for vehicles already out of the warranty period. This warranty extension on the 3.6L or 5.7L Fuel Pump applies to certain 2011 - 2016 Dodge Charger (Pursuit) vehicles. Our records show that you either own or lease one of the vehicles affected by this warranty extension.

We are extending the 3.6L or 5.7L Fuel Pump warranty period because some of the vehicles within the above referenced population may experience a fuel odor inside the vehicle, fuel leaks (including at the primary fuel module connector to the body harness) and browning of electrical terminals to the primary fuel module connector. If you are experiencing any of these conditions now, or if you experience them in the future, simply contact your dealer to have the appropriate repairs performed. **Conversely, if you do not experience this condition, then your 3.6L or 5.7L Fuel Pump is operating correctly and no repair is necessary.**

If you have already experienced any of the conditions described above and previously paid for a repair, you may be eligible to receive a reimbursement. Visit www.fcarecallreimbursement.com to submit an online reimbursement request. You may also complete the enclosed Customer Reimbursement Claim Form and send your original receipts, invoices and/or repair order to the following address for reimbursement. Your claim will be acted upon within 60 days of receipt:

FCA US LLC Customer Center
P.O. Box 21-8004
Auburn Hills, MI 48321-8004
Attn: Reimbursement

If you have questions or need any assistance, please contact your dealer or the FCA US LLC Customer Care. FCA US LLC Customer Care is available 24 hours a day / 7 days a week. They can be reached at: 1-800-423-6343 (1-800-4-ADodge).

Please keep this letter in your glove box along with your vehicle's other warranty information for future reference if necessary. This warranty extension applies only to the 3.6L or 5.7L Fuel Pump condition described above; the other terms and the "What's Not Covered" items of your warranty remain the same as stated in your Warranty Information book.

FCA US LLC is taking this action to demonstrate its commitment to your continued satisfaction.

FCA US LLC

2011 - 2016 DODGE CHARGER PURSUIT (LD)
3.6L and 5.7L FUEL PUMP
EXTENDED WARRANTY
CUSTOMER REIMBURSEMENT CLAIM FORM

Date Claim Submitted: _____

17- Digit Vehicle Identification Number (VIN): 2C3CDXKT3GH260226

Mileage at Time of Repair: _____ Date of Repair: _____

Customer First & Last Name (please print): _____

Street Address or PO Box Number: _____

City: _____ State: _____ Zip Code: _____

Daytime Telephone Number (include Area Code): _____

Evening Telephone Number (include Area Code): _____

Amount of Reimbursement Requested: $ _____

The following documentation must accompany this claim form.

Original or clear copy of all receipts, invoices, and repair orders that show:

- The name and address of the person who paid for the repair.
- The Vehicle Identification Number (VIN) of the vehicle that was repaired.
- What repair was completed, when it was done, and who did it.
- The total cost of the repair expense and the date of payment. (Copy of the front and back of cancelled check, copy of credit card receipt, credit card itemized invoice, etc.)

My signature to this document attests that all attached documents are genuine and I request reimbursement for the expense I incurred for the repair covered by this letter.

Customer Signature: _____

The two methods for submission are by postal mail or electronically. For postal submission please mail this claim form and the required documents to:

FCA US LLC Customer Center
P.O. Box 21-8004
Auburn Hills, MI 48321-8004
Attn: Reimbursement

If you have a scanner and desire electronic document submission, please go to fcarecallreimbursement.com and complete the webform. **Indicate in the narrative "X79 Repair Reimbursement – Request for Electronic Document Submission Link". Instructions will be sent to your email address to scan and submit your documents electronically.**

Your claim will be acted upon within 60 days of receipt. If you have any questions, please contact FCA US LLC Customer Care available 24 hours a day / 7 days a week at: 1.800.423.6343 (1.800.4ADodge).

2. **Call the FCA Recall Assistance Center at 1-866-220-6747. An agent can confirm part availability and help schedule an appointment**

3. **Visit recalls.mopar.com, scan the QR code below, or download the Mopar Owner's Companion App.**

Get access to recall notifications, locate your nearest dealer, and more through this website or Mopar Owner's Companion App. You will be asked to provide your Vehicle Identification Number (VIN) to protect and verify your identity. The last eight characters of your VIN are provided above.

DEALERSHIP INSTRUCTIONS

Please reference Safety Recall U60.

IMPORTANT SAFETY RECALL

Reprogram Powertrain Control Module

Dear 00HAC-TOWAMENCIN TOWNSHIP PA:

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

FCA has decided that a defect, which relates to motor vehicle safety, exists in certain 2016 Dodge Charger vehicles equipped with a gasoline engine and Cruise Control.

It is extremely important to take steps now to repair your vehicle to ensure the safety of you and your passengers.

WHY DOES MY VEHICLE NEED REPAIRS?

The fault handling strategy of the Powertrain Control Module (PCM) software on your vehicle [1] does not remove positive torque requests from the engine controller if the CAN-C bus stops communicating while the cruise control is requesting positive torque. In the instance of a short in the vehicle causing the CAN-C bus to stop communicating while the cruise control is active and the vehicle speed is below the set speed such that the cruise control system is requesting positive torque at the exact moment of the short, it is possible for a positive torque request to be locked on the PCM which may result in either the vehicle maintaining its current speed or possibly accelerating. **If the driver does not shift to neutral or apply the brakes to stop the vehicle this condition can cause a vehicle crash without warning.**

HOW DO I RESOLVE THIS IMPORTANT SAFETY ISSUE?

FCA will repair your vehicle [2] free of charge (parts and labor). To do this, your dealer will inspect the software level of the Powertrain Control Module (PCM) and if necessary, reprogram the PCM. In addition, your dealer will require your vehicle for proper check-in, preparation, and check-out during your visit. Your time is important to us; please be aware that these steps may require more time. The estimated repair time is one hour. We recommend that you schedule a service appointment to minimize your inconvenience. Please bring this letter with you to your dealership.

Do not use cruise control on your vehicle until your vehicle has been remedied.

VISIT RECALLS.MOPAR.COM/HELP FOR MORE INFORMATION AND ANSWERS TO FREQUENTLY ASKED QUESTIONS

WHAT IF I ALREADY PAID TO HAVE THIS REPAIR COMPLETED?

If you have already experienced this specific condition and have paid to have it repaired, you may visit **www.fcarecallreimbursement.com** to submit your reimbursement request online. [3] Once we receive and verify the required documents, reimbursement will be sent to you within 60 days. If you have had previous repairs performed and/or already received reimbursement, you may still need to have the recall repair performed.

We apologize for any inconvenience, but are sincerely concerned about your safety. Thank you for your attention to this important matter.

2. **Call the FCA Recall Assistance Center at 1-800-853-1403. An agent can confirm part availability and help schedule an appointment**

3. **Visit recalls.mopar.com, scan the QR code below, or download the Mopar Owner's Companion App.**

Get access to recall notifications, locate your nearest dealer, and more through this website or Mopar Owner's Companion App. You will be asked to provide your Vehicle Identification Number (VIN) to protect and verify your identity. The last eight characters of your VIN are provided above.

DEALERSHIP INSTRUCTIONS
Please reference Safety Recall U37.

IMPORTANT SAFETY RECALL

Front Propeller Shaft

Dear 00HAC-TOWAMENCIN TOWNSHIP PA:

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

FCA has decided that a defect, which relates to motor vehicle safety, exists in certain 2016 Model Year Dodge Charger pursuit vehicles equipped with All-Wheel Drive (AWD) and a V8 engine.

It is extremely important to take steps now to repair your vehicle to ensure the safety of you and your passengers.

WHY DOES MY VEHICLE NEED REPAIRS?

The front propeller shaft U-joint on your vehicle [1] may seize or fracture. This can result in separation at the U-joint. **If this failure occurs, the front propeller shaft may completely disengage from the vehicle creating road debris, which can cause vehicle crash without prior warning.**

HOW DO I RESOLVE THIS IMPORTANT SAFETY ISSUE?

FCA will repair your vehicle [2] free of charge (parts and labor). To do this, your dealer will replace the front propeller shaft on all affected vehicles. In addition, your dealer will require your vehicle for proper check-in, preparation, and check-out during your visit. Your time is important to us; please be aware that these steps may require more time. The estimated repair time is one hour. We recommend that you schedule a service appointment to minimize your inconvenience. Please bring this letter with you to your dealership.

TO SCHEDULE YOUR FREE REPAIR CALL
YOUR CHRYSLER, DODGE, JEEP OR RAM DEALER TODAY

WHAT IF I ALREADY PAID TO HAVE THIS REPAIR COMPLETED?

If you have already experienced this specific condition and have paid to have it repaired, you may visit **www.fcarecallreimbursement.com** to submit your reimbursement request online. [3] Once we receive and verify the required documents, reimbursement will be sent to you within 60 days. If you have had previous repairs performed and/or already received reimbursement, you may still need to have the recall repair performed.

We apologize for any inconvenience, but are sincerely concerned about your safety. Thank you for your attention to this important matter.

This notice applies to your vehicle,

2016 Dodge Charger
VIN: 2C3CDXKT3GH260226

T03/NHTSA 17V-097

IMPORTANT SAFETY RECALL

Front Propeller Shaft Bolts

Dear 00HAC-Towamencin Town:

This notification is being sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

FCA has decided that a defect, which relates to motor vehicle safety, exists in certain 2016 Dodge Charger vehicles equipped with All Wheel Drive (AWD).

WHY DOES MY VEHICLE NEED REPAIRS?

The front propeller shaft on your vehicle [1] may have bolts that were not fully tightened to the proper torque specification during vehicle assembly. Front propeller shaft bolts that are not fully tightened may allow the front propeller shaft to become loose and disconnect from the vehicle. Front propeller shaft bolts that are not fully tightened may be detectable due to noise and vibration. **If the front propeller shaft disconnects from the vehicle, it may result in damage to powertrain and underbody components and may lead to loss of motive power which could cause a crash.**

HOW DO I RESOLVE THIS IMPORTANT SAFETY ISSUE

FCA will repair your vehicle [2] free of charge (parts and labor). To do this, your dealer will replace the front propeller shaft bolts and tighten the bolts to the proper torque specification. In addition, your dealer will require your vehicle for proper check-in, preparation, and check-out during your visit. Your time is important to us; please be aware that these steps may require more time. The estimated repair time is one hour. We recommend that you schedule a service appointment to minimize your inconvenience. Please bring this letter with you to your dealership.

TO SCHEDULE YOUR FREE REPAIR CALL 1-800-853-1403
OR YOUR CHRYSLER, DODGE, JEEP OR RAM DEALER TODAY

WHAT IF I ALREADY PAID TO HAVE THIS REPAIR COMPLETED?

If you have already experienced this specific condition and have paid to have it repaired, you may visit **www.fcarecallreimbursement.com** to submit your reimbursement request online. [3] Once we receive and verify the required documents, reimbursement will be sent to you within 60 days. If you have had previous repairs performed and/or already received reimbursement, you may still need to have the recall repair performed.

We apologize for any inconvenience, but are sincerely concerned about your safety. Thank you for your attention to this important matter.

Customer Assistance/Field Operations
Fiat Chrysler Automobiles US LLC

YOUR SCHEDULING OPTIONS

1. **RECOMMENDED OPTION**
   Call your authorized Chrysler / Dodge / Jeep® / RAM Dealership
2. **Call the FCA Recall Assistance Center at 1-800-853-1403. An agent can confirm part availability and help schedule an appointment**
3. **Visit our Recall Website, recalls.mopar.com or scan below.**

You can find your nearest dealer and review all your scheduling options from this website. You will be asked to provide your Vehicle Identification Number (VIN) to protect and verify your identity. The last eight characters of your VIN are provided above.

DEALERSHIP INSTRUCTIONS
