Octane FITNESS

PRO3700

CONVERGE ON THE BEST-FEELING ELLIPTICAL

Designed with a totally new platform, the Octane Fitness Pro3700 cross trainer is the only commercial elliptical equipped with the unprecedented Converging Path™ and MultiGrip handlebars, which together with the exclusive Body-Mapping Ergonomics™, replicate natural movement and deliver the most effective, comfortable workouts.

The Pro3700 benefits clubs with a choice of two different stride lengths and new comfort features, including control buttons on the moving handlebars, soft grip pedals and an integrated fan.

And exercisers capitalize on the latest electronics, from custom workouts to an exclusive ability to train like the pros with the 30:30 regimen from Athlete's Performance.

Plus, maintenance is a snap with new track covers and a multitude of improvements for simple serviceability.

Fuel your club with the best – the Octane Fitness Pro3700.
