[ETE REMAN]

Transmission Warranty Statement

This limited warranty is issued to the purchaser on behalf of Engine & Transmission Exchange (ETE).

1. ETE warrants to the purchaser that we will repair or replace, at its sole option, units that ETE determines to be defective in materials or workmanship for a period of 3 years from the original date of sale. This warranty applies only to products installed in passenger vehicles and light trucks up to and including one ton. Units installed in commercial or heavy-duty applications will be warranted only for defects in materials and workmanship for 18 months or 100,000 miles (whichever comes first.) These will include, but are not limited to: vehicles of larger than one ton, transportation for hire (taxis, shuttles, limousine services) delivery service, police and any other emergency vehicles, and/or tow trucks. Off-road vehicles and stationary vehicles are limited to 6 months or 6,000 miles (whichever comes first). Vehicles that have been modified outside of factory specifications or otherwise misrepresented upon purchase are void of warranty.

2. Warranty concerns shall be called into ETE at 800.383.8324. ETE reserves the right to request a copy of the original repair order before a warranty claim is authorized.

3. All warranty claims must have approval from the warranty administration department at ETE before any warranty work is performed. Installation facility must receive an authorization number from ETE warranty administration.

4. The ETE limited product warranty will end at the expiration of time or mileage from the date of the original installation. No repair or replacement will extend the warranty beyond the original period.

5. Failed units must be returned to the ETE facility for inspection within 30 days. Failure to do so will result in a denied warranty claim. To return a failed unit, please call ETE at 800.383.8324.

6. Labor allowances will be limited to labor time as determined by Mitchell On-Demand labor guide at a rate of $50 per hour. Labor payments will only be made after an inspection by ETE of the failed unit and determination that it is covered by this warranty. Requests for labor allowances must be faxed to (888.428.9769) within 30 days of obtaining an authorization number from ETE.

7. The ETE warranty does not cover: Towing charges, diagnostic time, without prior approval, fluids (unless purchased on the original invoice), vehicle rental, transportation charges, loss of time, and loss of income, loss of use of the vehicle, storage fees, or consequential, special, punitive or incidental damages. Other exclusions may apply.

8. The ETE product warranty will only be honored within the continental United States.

9. ETE reserves the right to charge back the cost of the unit, shipping, or labor charges should it be determined that the failure was caused by improper installation, abuse, misuse, lack of maintenance, neglect, accidents, vandalism or any other condition not covered by this warranty.

10. THIS WARRANTY SUPERCEDES ALL OTHER WARRANTIES, EITHER EXPRESSED OR IMPLIED, INCLUDING ANY IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, AND THERE ARE NO OTHER WARRANTIES BEYOND THE DESCRIPTION CONTAINED HEREIN.
