CS800 UPRIGHT BIKE

Like all TRUE equipment, the CS800 upright bike is comfortable, smooth and quiet. The heavy-gauge steel frame ensures unrivaled stability and a sleek yet rugged look on a bike that is virtually maintenance free. Known for its attention to fit and finish, this TRUE bike is protected by scratch-resistant, powder coat paint and durable molded trim.

PREMIUM FEATURES:

- **TOUR DE FORCE:** Designed for those seeking a realistic cycling experience; the ergonomic design is ideal for all riders and the aero bars provide great leverage for long distance sessions.
- **TRUE HRC (HEART RATE CONTROL)®:** Includes one touch HRC Cruise Control™ which allows the user to "lock in" on a specific target heart rate.
- **SEATED FOR COMFORT:** 15 seat adjustments allows proper leg extension for a wide height range.
- **BUILT FOR ENDURANCE:** TRUE offers one of the most comprehensive stationary bike warranties in the industry: lifetime frame, three years on parts and three years labor coverage.
- **PROGRAMMED FOR RESULTS:** Users can choose from a variety of pre-programmed workouts including the new RPM-based Pace Setter™ program.

15" Touch Screen:

- Integrated 15" LCD with Touch Screen technology
- Advanced compatibility with your iPod allows users to easily watch TV, listen to their personal playlist, while simultaneously monitoring their workout performance
- Scenic landscape perspectives allow users to escape into hundreds of alternating serene views
- Goal-focused interface allows users to easily find numerous workout options
- Easy to use language options at the touch of a button
- 19 Preset Programs, 5 Custom Programs*, 5 Saved Workouts

2-Window LCD:

- Traditional, easy-to-read 2-Window LCD screens display the information most important to your users
- Optional wireless entertainment control
- Basic compatibility with your iPod allows users to dock, charge, and change songs
- 7 Preset programs, 3 Custom programs

iPod is a trademark of Apple Inc., registered in the U.S. and other countries. "Made for iPod" means that an electronic accessory has been designed to connect specifically to iPod and has been certified by the developer to meet Apple performance standards. Apple is not responsible for the operation of this device or its compliance with safety and regulatory standards.
