## 🚒 1996 Spartan RD Murray Pumper Rescue Fire Truck: Unleashing the Power to Protect 🚒

Attention all fire departments and emergency responders! The New Bethlehem Fire Company proudly presents the remarkable 1996 Spartan RD Murray Pumper Rescue Fire Truck, a powerful firefighting solution now available for your department. With its exceptional specifications and reliable performance, this fire truck is ready to join your fleet and serve your community with unwavering dedication.

**Specifications:**

✅ 750 gallons of water capacity to tackle even the most demanding fires.
✅ 50 gallons of foam for effective suppression and enhanced firefighting capabilities.
✅ Spartan Gladiator MFD cab with a 14-inch raised roof, providing improved visibility and ergonomic comfort for your firefighters.
✅ Front axle 18,740 lbs, rear axle 24,000 lbs for exceptional stability and maneuverability.
✅ Equipped with a Detroit Diesel 12.7 liter series 6 470 horsepower engine, ensuring powerful performance when you need it most.
✅ Allison HD-4060 transmission for smooth and reliable gear shifting.
✅ Hale QSMG-175, 1750 GPM single-stage midship pump, providing optimal water flow for effective firefighting.
✅ 95 GPM bypass educator foam one-speed lay for versatile foam application.
✅ Two-piece aluminum tread plate hose bed cover, ensuring durability and protection for your equipment.
✅ Westerbeke 12.5 12,500-watt diesel generator, providing a reliable power source for your firefighting operations.
✅ Wilbert Night Scan light tower for superior visibility during nighttime emergencies.
✅ Motor and transmission have been thoroughly checked to guarantee excellent performance.
✅ Additional miscellaneous equipment and hose included, giving you a head start in expanding your firefighting capabilities.

This impressive fire truck has been meticulously maintained by the New Bethlehem Fire Company and is now ready to continue its lifesaving mission in your hands. Its exceptional performance and extensive features make it an invaluable asset to any fire department or emergency response team.

**Make an Offer:** We understand the importance of acquiring firefighting equipment within budgetary constraints.
