

CONVERSION KIT

This easy-to-use UltraMount® to UniMount® conversion kit enables you to attach a UniMount plow to a vehicle equipped with an UltraMount System vehicle mount. This kit is perfect if you have multiple snowplows, providing your fleet with versatility while changing to the UltraMount system. It is also ideal when transferring an old UniMount plow to a late model vehicle. Designed for use with all Standard, PRO-PLOW® Series 2, PRO PLUS® and 8' 6" MVP® UniMount plows.

MVP SNOWPLOW ADAPTER *(not shown)*

The MVP snowplow adapter converts an MVP wired vehicle for use on any straight blade. The straight blade must operate with the Solenoid or CabCommand control.

UNIMOUNT SOLENOID CONTROL EXTENSION HARNESS *(not shown)*

This 48" extension harness for the Solenoid Control allows for various in-cab mounting options. The extension is compatible with the Solenoid Control and CabCommand control.

PRODIGY™ SNOWPLOW SHOCK ABSORBER *(not shown)*

Helps soften trip-blade return.

FLEX ARM™ QUICK RELEASE FLEXIBLE CONTROL MOUNT

Always have the control right where you want it! FLEX ARM maneuvers into any position for any plower. The magnetic base allows for easy mounting and removal, plus it eliminates the standard mounting holes in your dash. Base plate included.

HIGH PERFORMANCE HYDRAULIC FLUID

Available in quart and gallon containers, WESTERN® high performance fluid is formulated to provide better viscosity in all temperatures, helping your plow operate at the optimum level no matter what the weather conditions.

FACTORY ORIGINAL PAINT

Available in spray or quart cans, in red or black top coat or the primer-based under coat, these Factory Original paints provide durable coverage and are formulated to match your original equipment.

FACTORY ORIGINAL PARTS

Your WESTERN® snowplow is a valuable investment. The best way to assure original equipment reliability and efficiency is to purchase only genuine WESTERN Factory Original parts and accessories.

"Will-fit" parts and accessories can alter your plow's performance characteristics and may affect your product warranty.

Protect your investment by staying with the best—original WESTERN parts and accessories from your local Western Products dealer.

SNOWPLOW ACCESSORIES

CABLE BLADE GUIDES

Cable blade guides aid in plow positioning and operator visibility.

COMMERCIAL BLADE GUIDES

Commercial blade guides are highly visible bright red, enhanced with reflective tape and available in 24" or 36" lengths.

WESTERN® BLADE GUIDES WITH FLAGS

These attractive blade guides with replaceable flags help improve operator visibility and plow blade positioning.

RUBBER SNOW DEFLECTOR

The 2-ply rubber snow deflector is available in 7' 6" to 10' lengths to fit blades ranging in size from 6' 6" to 10'.

POLY SNOW DEFLECTOR

Constructed of high density polyethylene material, this heavy-duty poly snow deflector is available in 7' 6" and 9' widths to fit 7' 6", 8', 8' 6", and 9' steel blades. Each deflector includes clamping bars and curl braces.

1/2" STEEL CUTTING EDGES

These 1/2" cutting edges fit the same hole pattern as the 3/8" (5/16" HTS™) cutting edge that comes standard on your blade from the factory. The 1/2" cutting edge provides extra wearability.

RUBBER CUTTING EDGES

Made of resilient rubber compounds that allow for longer life, these rubber cutting edges adjust to road surface irregularities without gouging, and quickly remove all types of snow.

CURB GUARDS

Bolt-on curb guard protects the outer edge of your snowplow from wear associated with sidewalks and curbs.

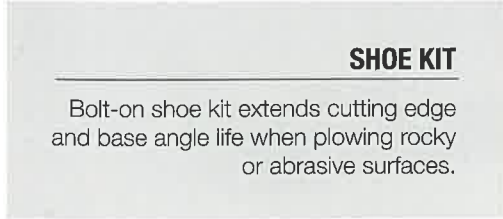

BACK DRAG EDGE

Available for various models, this edge makes quick work of clearing snow away from garage or overhead doors and other tight areas. Easy, bolt-on installation for both steel and poly blades.

V-PLOW BLADE STOPS

Blade stops transfer blade force to the truck frame, reducing stress and wear on the blade and its support structure.

SHOE KIT

Bolt-on shoe kit extends cutting edge and base angle life when plowing rocky or abrasive surfaces.

DOLLY WHEELS

Attach these wheels to your plow blade for easy maneuvering on any hard surface. These wheels simplify blade positioning for easier hook-up. Dolly wheels are standard on HEAVYWEIGHT plows. Available for UniMount® models only.

SNOWPLOW EMERGENCY PARTS KIT

Be prepared! These handy parts kits provide the high volume, Factory Original parts needed for emergency snowplow repairs. Packed in an easy-to-store WESTERN® factory original nylon duffle bag with a WESTERN knit cap.

(Kit contents vary by model)

PLOW WINGS

Available for the PRO PLUS®, MVP PLUS™ and MVP 3™, these optional wings add up to 30% more carrying capacity. Easy attach/detach with no tools required.

PRO-GRIP MOUNT KIT

This kit has grip! Kit contains adhesive-backed locking strips to secure the WESTERN Solenoid Control and spreader controls to interior vehicle surfaces. Allows the control to be easily removed yet held firmly in place during plowing or spreading.
