During these school related functions (special programs, athletic events and/or visiting days), visitors attending may go directly to same, but will abide by state/local law and/or Board policy.

Each administrator shall be responsible for establishing procedures that ensure the proper protection of instructional time and the welfare of students, visitors and employees. In accordance with state and local laws, no person is allowed on East Feliciana Parish School Board owned property without authorization from the Superintendent and/or campus administrator. All visitors to School Board owned facilities shall immediately report to the Superintendent's office and/or campus administrator's office, shall verify who they are and state their purpose/business. If at all possible, all visits should be pre-arranged.

Parents, school patrons and other state/local officials shall be welcomed in a cordial manner. Anyone appearing at a facility who does not meet the criteria indicated above, shall be required to get written permission from the Superintendent's office prior to visiting a facility. Administrators are authorized to take any action deemed appropriate, in his/her discretion, in dealing with unauthorized visitors.

At the usual and customary entrance to each East Feliciana Parish School Board owned facility, within this District, a sign of high visibility shall be posted containing the following warning:

**BY ENTERING PROPERTY OWNED BY THE EAST FELICIANA PARISH SCHOOL BOARD YOU HAVE CONSENTED TO A SEARCH, WITHOUT WARRANT, OF YOUR PERSON OR VEHICLE FOR WEAPONS, DANGEROUS SUBSTANCES OR ELEMENTS, ILLEGAL DRUGS, ALCOHOL, STOLEN GOODS OR OTHER MATERIALS OR OBJECTS, THE POSSESSION OF WHICH IS A VIOLATION OF LAW, SCHOOL BOARD POLICY OR SCHOOL REGULATIONS.**

East Feliciana Parish School Board

## SALE OF SURPLUS EQUIPMENT AND SUPPLIES

Merchandise and equipment no longer usable for the purpose for which it was acquired or built shall be declared surplus by the Superintendent upon notification by the department to which the merchandise or equipment has been assigned. The equipment and appliances will then be inspected to determine if they are usable or should be declared surplus. If the items are declared surplus, the East Feliciana Parish School Board shall then call for sealed bids and/or public auction for the sale of such merchandise or equipment. A minimum fair value price shall be established for each item and the bid price shall start at that point for items considered worthy. Said bids shall be opened publicly and disposed of in a prudent, businesslike manner. The School Board shall reserve the right to accept or reject any and all bids.

Items declared surplus or unfit for further use by the School Board shall be stored at the school/department where assigned until the merchandise or equipment is properly sold or other plans for disposition are approved by the Superintendent.

The sale of surplus merchandise or equipment shall be final, on the "as is" or "where is" basis and shall carry no warranties whatsoever. If not sold, these items shall be sold as junk, or if no salvage value can be realized, destroyed in the most economical manner possible.

The East Feliciana Parish School Board shall permit specific school departments selling surplus equipment to use the money received from the sales to purchase new materials and supplies for their respective departments.

### UNAUTHORIZED BIDDERS

The following persons shall not be allowed to place a bid or purchase items being sold by the East Feliciana Parish School Board:

- 1) School Board members and members of their immediate family;
- (2) The Central Office personnel and members of their immediate family;
- (3) Any employee or group of employees and members of their immediate family who have the responsibility of determining what is to be sold.

*Immediate family* shall be as defined in policy BH, *School Board Ethics*.

### COMPUTING DEVICES

When the School Board determines that an individual computing device used by a student or students has reached the end of its typical life cycle, is no longer needed for

school purposes, and will be removed from classroom use, and that the best interest of the public school system would be served by the private sale of such device due to the cost of auctioning the device or recycling it or due to other factors, the School Board may sell the device to a student enrolled in a school in the school system or to the parent, tutor, or legal guardian of such a student.

The sale price for the device shall be reasonably equivalent to the value of the device, taking into consideration its typical life cycle, current condition, and costs of other methods of alienation or disposal.

All such sales shall be in accordance with School Board policies, and sale prices shall be approved by appropriate school system administrative personnel prior to sale. Such sales shall apply only to individual computing devices used for classwork by students and shall not apply to other computer equipment or related equipment such as routers, switches, or servers.
