- Public Auction of Surplus Supply Kohler Power Systems Generator Rowley Board of Selectmen

The Rowley Board of Selectmen is auctioning the following surplus supply: Kohler Power Systems generator (Model: 80REOZJD). The 80kw diesel standby generator, installed in 2008 to service the Rowley Police Station, was replaced in January 2019 as part of a recent renovation project. The generator has been deemed surplus property and is being publicly auctioned on www.municibid.com.

The auction listing can be found by searching "Kohler Power Systems Generator" or Listing #26388831 on www.municibid.com. The auction will begin on Tuesday, November 26, 2019 at 2:00 p.m. and end on December 17, 2019 at 10:00 a.m. The generator is available for inspection at the Town Hall Annex, 39 Central Street, Rowley, MA during the following hours: Mon-Thurs 8:00am-4:00pm, and Friday 8:00am-12:00pm.

The generator will be awarded to the responsive bidder offering the highest price. The starting bid price is set at \$6,500. Upon winning the auction, the winning bidder must submit a signed non-collusion form to the jurisdiction prior to the receipt of the supply. The winning bidder must also forward a certified check made payable to the Town of Rowley within five business days to the Office of the Board of Selectmen. The generator was in operating condition when it was removed from service. It is being sold "as is" without express warranties and with no implied warranties of condition. Removal of the generator by the successful bidder to be scheduled with the Town, but not to exceed 5 business days after receipt of payment. The awarding authority reserves the right to reject any and all bids if found to be in the best interest of the Town.
